DEJAVNOST: USTVARJAJMO Z UMETNO INTELIGENCO

ODKRIVANJE UMETNE INTELIGENCE: UMETNA INTELIGENCA ALI ČLOVEK?

Naslednja dejavnost je namenjena ugotavljanju, ali je slika resnična ali jo je ustvarila umetna inteligenco. Ta eksperimentalna dejavnost je uvod v razumevanje GAN (Generative Adversarial Networks). Predlaga razlikovanje pravih portretov od portretov, ustvarjenih z GAN. Vir slik iz GAN: <https://thispersondoesnotexist.com> Izvir slik resničnih oseb: <https://pixabay.com/en/>

The interface features a top navigation bar with tabs: HUMANS AND AI, TEST, UNDERSTAND, VERIFY, and CONCLUDE. A Class'Code IAI logo is in the top right. Below the tabs is a large yellow grid background. In the center, a portrait of a smiling man with glasses is shown in a grey square frame. To the left of the portrait is the text "| DETECTING AI: AI OR HUMANS? |". To the right is the question "Is it a real human being or an image created by an AI?". Below the portrait are two buttons: "A HUMAN BEING" and "AN AI". At the bottom left is the text "Credits - CC BY - SA 2020" and at the bottom right is a "NEXT >" button.
