

CUENTITO

DESCRIPTION¹

Cuenti.to is a Spanish platform that allows the generation of children's stories from an idea. It creates stories accompanied by illustrations for young readers.

FEATURES¹

- Personalized story generation: The AI creates a story based on a few keywords provided by the user.
- Automatic illustrations: Each story is enriched with AI-generated images.
- Customization: Ability to adapt stories according to preferences or specific needs.

EXAMPLE IN EDUCATIONAL CONTEXT²

A Spanish teacher uses Cuenti.to to teach more vocabulary to students and introduces them to different story structures.

PRACTICAL TIPS²

- Review and adapt generated texts to ensure their educational relevance.
- Create links with pedagogical sequences.
